WORK EXPERIENCE

Pirkanmaa Hospital District, TAYS 7/2020–8/2021 | 6/2022–8/2022
Service manager – Hospital- and instruments maintenance

I was responsible for ordering and unloading textiles, order planning, customer service and both internal and external communications regarding textiles for up to 30 hospital wards at a time during COVID-19. At most, I was the person in charge of the textiles of Hatanpää hospital. I managed my duties with excellent feedback during very hectic times and was responsible for the effective working of a critical backbone of various hospital functions (Acute, ICUs, operating rooms, hospital wards, uniforms, cleaning textiles etc.)

Lidl Lielahti 11/2016 (2 weeks) | 6/2017
Shelver, customer service, various assisting duties

EDUCATION

Materials Science and Engineering | Tampere university 2021–
I'm a 3rd year bachelor student of Materials Science and Engineering with a special interest in polymers and materials chemistry. Minor: Chemistry.

Tampere Classical Upper Secondary School | Natural science programme 2020
I was in the natural science programme, and studied additional chemistry
